# PROACTIVE DISCLOSURE RIGHT TO INFORMATION

Annexe-I

## A FRAMEWORK FOR TRANSPARENCY AUDIT

The RTI Act under section 4 provides a comprehensive framework for promoting openness in the functioning of the public authorities.

While Section 4(1) (a) provides a general guideline for record management, so that the information could be easily stored and retained, the sub-sections b,c and d of Section 4 relate to the organizational objects and functions. Sub-sections (b), (c) and (d) of Section 4 of the RTI Act and other related information can be grouped under six categories; namely, 1-organsiation and function, 2- Budget and programmes, 3- Publicity and public interface, 4-E. governance, 5-Information as prescribed and 6. Information disclosed on own initiative.

### 1. Organisation and Function

S.No.	Item	Details of disclosure	Remarks/ Reference Points (Fully met/partially met/ not met- Not applicable will be treated as fully met/partially met)

		(ii) Head of the organization  <b>Director General</b>	Fully met

Fully met

**(iii) Vision, Mission and Key objectives**

Forest Survey of India (FSI) is a premier national organization under the union Ministry of Environment, Forest and Climate Change, Government of India and is responsible for assessment and monitoring of the forest resources of the country on regular basis. In addition, it is engaged in providing training, research and extension services in the forestry sector. Established on 1st June 1981, Forest Survey of India succeeded the "Pre-investment Survey of Forest Resources" (PISFR), a project initiated in 1965 by Government of India with the sponsorship of FAO and UNDP. The main objective of PISFR was to ascertain the availability of raw material for establishment of wood based industries in selected areas of the country. In its report in 1976, the National Commission on Agriculture (NCA) recommended for the creation of a National Forest Survey Organization for a regular, periodic and comprehensive forest resources survey of the country leading to creation of FSI. After a critical review of activities undertaken by FSI, Government of India redefined the mandate of FSI in 1986 in order to make it more relevant to the rapidly changing needs and aspirations of the country.

FSI has its headquarter at Dehradun and four zonal offices at Shimla (Northern zone), Kolkata (Eastern zone), Nagpur (Central zone) and Bangalore (Southern zone). Recently, a subcentre of Eastern zone has been established and made operational in Burnihat, Guwahati.

**Objectives:**

- \* To prepare State of Forest Report biennially, providing assessment of latest forest cover in the country and monitoring changes in these.
- \* To conduct inventory in forest and non-forest areas and develop database on forest tree resources.
- \* To function as a nodal agency for collection, compilation, storage and dissemination of spatial database on forest resources.
- \* To conduct training of forestry personnel in application of technologies related to resources survey, remote sensing, GIS, etc.
- \* To strengthen research & development infrastructure in FSI and to conduct research on applied forest survey techniques.
- \* To support State/UT Forest Departments (SFD) in forest resources survey, mapping and inventory.
- \* To undertake forestry related special studies/consultancies and custom made raining courses for SFDs and other organisations on project basis.

**Major activities :**

- \* Biennial assessment of Forest Cover using remote sensing technology.
- \* Inventory of Forest areas.
- \* Inventory of Trees Outside Forests (Rural & Urban).
- \* Inventory data processing.
- \* Methodology Design.
- \* Training and Extension.
- \* Projects and Consultancies.
- \* Works on the activities and programme directed by Ministry and Hon'ble Court.

		(iv) Function and duties <b><a href="https://www.fsi.nic.in/major-activities">https://www.fsi.nic.in/major-activities</a></b>	Fully met
